

## **Brecknock Primary School PE Premium 2017-18**

At Brecknock we provide an inclusive PE curriculum that offers a wide range of sports for all children to participate in. We help children to understand the importance of an active lifestyle (and the associated health benefits) and encourage them to take part in a range of clubs, teams and competitions, in school and against other schools in the borough.

The school received £9,530 this year for PE Premium funding, which supports the school in a number of ways to ensure we maintain and continue to improve the Physical Education aspect of our curriculum. The sum is supplemented from other funding streams within the school so that we can:

- Provide specialist sports coaching:
  - Every class in the school, from Year 1 to Year 6, receives high quality weekly lessons that are matched to the National Curriculum and delivered by specialist coaches
  - Dodgeball and Multi-Sports days are offered at the school during the holidays – these are often very popular with children
- Provide after school and lunchtime sports club provision led by specialist sports coaches in football, bench ball and other team sports.
- Subsidise after-school clubs (all sessions cost £2 and £1 for children )
- Maintain our partnership with Arsenal Football club, involving:
  - Weekly coaching sessions in line with the national curriculum (invasion/multi-skills learning)
  - After school clubs which focusses supporting children of an underrepresented group
  - Competitions (cross borough football competitions)
  - Other services (tickets to see Arsenal play, workshops, interventions, CPD opportunities, events, meeting footballers, opportunities for children to take part in holiday booster clubs).
- Provide all pupils in Years 2-4 with a term of weekly swimming lessons
- Provide resources and staff to support team attendance at sports events both borough and London wide There are boys and girls teams for each event.
- Hold whole school sports day event at Hampstead Heath Running Track: Reception, KS1 and KS2 full programme of track and field events.
- Be fully stocked with resources for a wide range of sports and sports lessons, including new kit for competitions.

- Contribute to the training costs for our PE co-ordinator
- Purchase bikes, helmets and locks for children to take part in cycling training (5 of each in total) and for children to commute to and from school.
- Support a Camden led, school wide ‘Bike Doctor’ surgery - held for children to encourage cycling and exercise:
  - Free bike service: gears, cables and brakes fixed.
  - 25 Y6 children took part in week long ‘bikeability’ event. Learnt to cycle safe and navigate the roads around school on their bikes.
- Provide dance classes in preparation for children to perform at ‘Community Festival’
- Organise events which promote a healthy lifestyle and support charities. For example, teachers organised a Race4life event in the local park, including providing medals, to promote awareness and raise money for Cancer Research during which the school raised over £3000
- The dining hall has been renovated and the school menu reviewed as part of the school’s healthy eating drive

### Impact

- All children are receiving high quality professional coaching in PE lessons
  - The number of children taking after school sports provision is up—these clubs are oversubscribed every term
  - Children received 50 free tickets to watch Arsenal play at the Emirates
  - 8 Children went to Arsenal ‘Double Club’ during each half term holiday, which focusses on reading (with some football too!)
  - Brecknock starred in a Premier League advert which came about due to close links with Arsenal football club
  - More school teams are taking part in the following events: cross-country, football, dodgeball, athletics. Every competition includes both a girls and boys team.
- The number of children wanting to be part of these teams has also increased in the last two years. Teams have been very successful: children in Years 5 and 6 won the borough football championship and there were notable performances in the cross country and dodgeball competitions.
- The number of children commuting by bike and scooter has risen. The bike area, with locking space, is always full.
