

Friday 15th June 2018

## Message from the head

Eid Mubarak to all our families who are celebrating today! Please remember that this year we will be combining Eid Party with Community Festival in a grand Eid Community Festival next, Friday 22<sup>nd</sup> June straight after school. We still need volunteers to help set up and tidy up so do speak to Tiggy or a member of the Parents Association if you can spare some time. Please do come along and join in the fun, we will look forward to seeing you there!

**Eid Community Festival is next Friday 22nd June straight after school! Donations and volunteers still needed.**

## Soccer Aid

Thank you to all those who helped us smash our goal for Soccer Aid! We raised £543.72 which is enough to buy a water pump AND an emergency supply kit.

## The Cally Festival

Expect music, performance, art, activities, creative workshops and much more. They also open the road to a street market of delicious food to eat and brilliant things to buy. The Cally Festival is a free event for the whole community.

## World Cup Week

Next week is World Cup week where children will be taking part in football related learning throughout the week. We are asking for children to bring a £1 donation on June 21st in aid of Water Aid and to come to school in non-uniform to represent their World Cup group.

## Upcoming Friday Tea's

29th June - Years 5&6  
6th July - Year 4  
13th July Year 3

## Scientists of STEM Week! And the awards go to...

### Chocolate!

For their entry point for their new topic, Chocolate, Year 4 made their very own chocolate bars. They were given a variety of different flavours to add to their chocolate bars, this included: Rice Crispies, Chili flakes, Sea salt, Raisins, Lemon juice, Herbs, Fruit juice.

Some of the flavours were not very nice, but they experimented and tried different flavourings! They had lots of fun selecting their own ideas. They poured melted chocolate on the ingredients and then waited for the chocolate to set in the fridge. Finally, they were able to try their chocolate and record their opinions.

### Vauxhall City Farm

Last week, Year 3 enjoyed a trip to Vauxhall City Farm. The children learned lots about where food comes in a farm to lunch-box workshop. They fed the goats, sheep and alpacas and even had the opportunity to plant beetroot!

### Science Challenge

Well done to the scientists in Year 5 that got an Honourable Mention at the Science Challenge at Regent High. They won us £50 to spend on resources! The team consisted of Kyleene, Callum, Tesnim, John and Hadil. They had to do a series of experiments based on the Stroop Test, and present their findings to a panel of judges.

### Strolls along the Canal

Team Nursery wandered along Regents canal in the spring sun as part of our topic of 'Water'.

### Hot Seating in Tahiti

Using hot seating, Tahiti class explored the different thoughts and feelings of the characters in their new book, I Was a Rat. They had lots of interesting questions to ask each other and did a great job fully immersing themselves in the different roles.

### Heart and Blood in Year 6

As part of their topic, Who I Am, Year 6 have been learning about the functions of blood and the heart. To help them learn, they created pictures showing the different components that make up blood. They also created models of hearts out of clay and blood milkshakes!

## Golden Book Awards! And this weeks winners are...
