

Brecknock

Brecknock is a happy and successful two form entry primary school in the borough of Camden. Children and families can start by attending community drop-in sessions from the time they are born, attend our two-year old provision or Nursery at three and leave ready for secondary school at eleven.

Our children and teachers come from a wide range of backgrounds and reflect the richness of our local community. Together we share a vision; to ensure that children achieve the highest standards academically and socially, and that they are taught in a way which challenges their thinking, stimulates their interests and heeds their ideas.

I am proud of our academic achievements and our creative, culturally rich curriculum but most of all I am proud of our children, who cherish learning and know what their responsibilities are for their own education and the whole school community.

Visitors to the school often comment on the purposefulness and warmth they find in children and staff. Please contact the office to arrange a visit to see our brilliant school in action for yourself. We will look forward to welcoming you.
