Welcome

Providing good quality schools for Islington's young people is a top priority for Islington. We are passionate about supporting children and young people to have the best start in life and providing high-quality learning is central to that.

Islington's secondary schools support our young people throughout their education, providing them with the opportunities they need to reach their full potential.

I am very proud that the progress our pupils make at secondary school has now been ranked amongst the top 20 in the country. We've achieved this through strong leadership and rigorous standards, whilst our inspirational teachers encourage students to discover their passions, develop skills and challenge themselves. Students have access to exciting extra-curricular activities and a broad choice of curriculum as they progress through school.

This brochure includes the information that you need to make an informed decision about the right secondary school for your child. Whether that's single sex or mixed, community, faith school or academy, Islington offers a range of schools that will support your child to develop their talents and prepare them for their chosen pathway in further and higher education.

Details about how to apply online are also included. If you do need further advice or guidance, please do not hesitate to contact the School Admissions team who are on hand to help.

Finally, may I take the opportunity to wish your child every success as they make the transition into secondary education.

Councillor Joe Caluori
Executive Member for Children,
Young People and Families

About schools in Islington

Did you know that in 2017, Islington performed above average for progress made by children at secondary school and were ranked in the top 20 local authorities for progress in English?

We are extremely proud of this and are determined to achieve our ambition of ensuring outstanding teaching and learning in all our secondary schools.

The aim of this brochure is to help you make an informed decision about which school will best suit your child. If you do need any extra information, please email us with your query at admissions@islington.gov.uk or call us on 020 7527 5515.

Islington's Community of Schools

Islington's Community of Schools work closely with one another to meet the diverse needs of children living or going to school in the borough.

The Community of Schools is made up of academies, community, foundation, free, trust, and voluntary-aided schools. For details of how these schools operate, please refer to the [glossary](#).

Dates to remember

Date	What happens?
September 2018	You can apply online from 1 September 2018 to 31 October 2018
19 October 2018	Recommended application return date: submit your online application by this date. If you miss the deadline, your application will not be processed until after all on time applications
31 October 2018	Application deadline: this is the final date for you to submit your application online. We strongly recommend that you submit your application by 19 October 2018
30 November 2018	Exceptional social/medical application deadline: you must submit your application and supporting documentation by this date in order for it to be considered alongside all on time applications
1 March 2019	Offer day: you will receive your result by email in the evening of 1 March 2019
15 March 2019	Acceptance deadline: you must accept (or decline) your school place by this date. You can do this online.
1 April 2019	Appeal deadline: submit your online appeal for an Islington community school by this date. For other types of schools, please refer to the school's website. Remember, you can still appeal, even if you have accepted the school place offered.
31 December 2019	Waiting Lists: The last date your child will automatically remain on the waiting list of schools listed as higher preferences on your application form than the one offered. To extend this further, please contact the School Admissions team.

Top tips before you apply

DO:

1. Apply on time – only 40% of applicants who applied late were offered one of their preferred schools compared to 93% of on time applicants
2. Check the school website – there is a wealth of useful information available
3. Visit schools – this is the best way to get a ‘feel’ for the school. You can meet a member of the leadership team, ask questions and see the school in action
4. Think about what is right for your child – don’t rely on what others tell you, visit the school and see first-hand
5. Talk to your child – involve them as much as you can
6. Think about the journey – how easy will it be to get to the school? Some schools may be further away but are easier to get to
7. Check the admission criteria and cut-off distance – how likely is it that your child will be offered a place? You can check this by clicking on the link in the school fact file
8. Use all six preferences – make sure you include at least one local school
9. Ask the School Admissions team for advice – they can’t tell you which schools to apply for, but they can explain the admission criteria and check whether you would have got a place last year
10. Make sure you press **‘submit’** when you finish your online application. You should then receive a reference number confirming safe receipt.

DON’T:

1. List private schools on your application – you should apply directly to the private school
2. Wait till the last minute to apply – you may have a problem getting online or logging on. Give yourself plenty of time to think things through carefully
3. List only one school – your application will not be treated more favourably and you could lose out on another school you like.

**Don’t forget –
apply online by
31 October 2018**

Our pledge to you

Islington Council is committed to providing quality customer service. We make the following promise to everyone who lives, works in, or visits the borough:

- We will be fair in the way we deliver services and treat everyone equally, with courtesy and respect
- We will provide polite, welcoming and efficient services that are accessible to all
- We will provide helpful information and secure transactions on our website
- We will answer our phones quickly and endeavour to deal with your enquiry or issue during your first call. If we can't we will call you back the next working day
- We will respond to your emails and letters in plain English within ten working days
- We will respond to your complaints within 21 days
- We will seek your feedback on the services we provide and publish the results on our website.

Section 2: How to apply

Apply online

If you live in Islington, you need to apply using Islington's online application form.

When can I apply?

You can apply from **1 September 2018** until **31 October 2018**.

Applications made by the deadline are 'on time' and will be processed before 'late' applications made after this deadline.

We strongly recommend that you submit your application by **Friday 19 October 2018** (the week before half term) in case there are any issues with submitting your application (e.g. problems with internet access, forgotten username or password etc.).

Why apply online?

1. You can do your application in stages. You can review the order of schools listed, and other information as many times as you want before you submit the online application.
2. The online system checks for errors or missing information.
3. The system is secure and your information is safe.
4. A reference number is sent to your registered email confirming safe receipt of your application.

5. There is no need to pay for postage.

How do I get started?

You will need an email address. You can register for a free email account with a number of providers. The London e-Admissions system recommends Gmail. [Click here to create an account](#). For instructions on how to do this, watch this handy [YouTube](#) tutorial.

I have an email address, what next?

[Click here to access the London e-Admissions system](#) and register your email address. Once you have done this, you will receive an email explaining how to make your application.

When do I find out which school has been offered?

National Secondary Offer Day is **1 March 2019**. In the evening:

- you will receive an email telling you which school has been offered
OR
- you can log on to the London e-Admissions system to view your offer online.

Who can help me with the online application?

The School Admissions team can offer telephone advice and talk you through the online application.

The team also offers one to one support from 222 Upper Street. Please call 020 7527 5515 to arrange an appointment.

For technical queries and assistance, please contact the London e-Admissions helpdesk:
E: support@eadmissions.org.uk
T: 020 8255 5555 (Option 1)

ParentComms

Why not sign up for ParentComms? Using the app, you will be able to receive the outcome of your application on your mobile device. You can download the free ParentComms app from the [Apple AppStore](#), [Google Play](#) or [Windows Phone Store](#) by registering your username and password. You will receive reminders about the closing date and any pending applications that need to be submitted by the deadline.

Make a note

Please make a note of the following details as you will need this information to access your application, and offer in March:

Application Reference Number:

Username:

Password:

About school applications

1. You must apply to the local authority **where your child lives**. Islington residents should [apply online here](#).
2. You can list up to six schools on your application. The schools can be in Islington or in another local authority. There is no advantage in listing only one or two schools. We highly recommend that you list six schools, and include at least one school near to where you live.
3. List the schools in the order you prefer, with your favourite school first. Your preference order is not disclosed to schools.
4. It is a good idea to list your nearest schools. If you do not apply for any of the schools close to you, there is a risk that if you do not secure a place at one of your preferences, local schools may already be full, and your child could end up having to travel further away to get to school.
5. Do not list private schools. You need to apply directly to fee-paying schools.
6. As well as the main online admissions application, you may need to complete a supplementary information form (SIF) for some schools. This information is included in the fact file. The SIF must be sent directly to the school. **You must still complete the online application.**
7. You must submit your application online by **31 October 2018** for it to be on time. If it is late your chances of getting a place at your preferred school may be reduced.

Application address

The address that we will use to process your application will be your child's permanent address on **31 October 2018**. We can only use one address. This must be the official address where your child spends most of their time Monday to Friday.

Please note that we may not accept a temporary address if you still possess a property that was previously used as a home address; nor accept a temporary address if it is used solely or mainly to obtain a school place.

We may also carry out additional checks with the new school to see whether the child's home address has changed since the application was completed and will investigate all applications where:

- there are any doubts about the information originally provided
- information has been received from a member of the public to suggest misleading information has been provided and a fraudulent application made
- the council tax account is in a different name from the applicant's.

The provision of false or misleading information will result in the school place being withdrawn, and may lead to prosecution.

Whistleblowing

Islington Council takes a firm stand against any attempt to obtain a school place by fraud. If you provide false or deliberately misleading information whilst completing a school admissions application, or use a temporary address intentionally for the purpose of gaining an advantage over other applicants, your application will become void.

If you know someone who intends to use, or has used, a false address to obtain a school place, you can report this confidentially to the Islington School Admissions team on 020 7527 5515 or email admissions@islington.gov.uk

Shared parental responsibility

If parents live separately, but the child lives equally with both, then it is the parents' responsibility to make this clear at the time of the application and to provide supporting evidence in respect of both addresses, for example, a Residency Order from a court.

Please note that only one address can be used for school admission purposes and the final decision will rest with the Islington School Admissions team.

Proof of address

In order for us to verify your address, please provide your **council tax reference number** (you can find this on your council tax bill). If you cannot provide this, please provide a copy of your most recent rent, mortgage statement or tenancy agreement.

If you cannot obtain these documents, please provide at least two alternative documents. For example: utility bill; bank statement; GP, hospital, dentist or optician letter.

We also require proof that the child you are applying for lives with you. Therefore, please provide a copy of your most recent child benefit or family tax credit letter which clearly states your child's name and address.

If you do not receive child benefit or family tax credit, please provide at least two alternative documents to prove your child lives with you. For example: a letter from your child's GP, dentist, hospital, optician; NHS Medical Card; or the page within your child's health record book that has his/her name and address.

Please ensure that copies of documents provided are not older than 12 months. Documents can be uploaded with your online admissions application. If we require further information, we will contact you. **Do not delay submitting your application if you do not have the appropriate proofs of address as we can offer advice on what to do next.**

Change of address

If your child moves after **31 October 2018**, then please provide a copy of the documents listed above. This is to ensure your application is handled correctly.

Children of UK service personnel or crown servants

If you, or your partner, are a serving member of UK forces with a confirmed posting to Islington, or a crown servant returning from overseas, we will use the posting address provided by your employer as long as you provide us with documentary supporting evidence of your relocation date and Islington address.

There is no guarantee that a place will be available at your preferred school; each application will be considered in line with the school's admission criteria. If an offer can be made, then that place may be held for a reasonable period, depending on individual circumstances.

If we cannot offer your child a place at your preferred school, then we will in advance of your return, allocate the nearest Islington community school to your home address that has a place available.

Where your child is first on the waiting list, we will ask the school to go over number and admit your child as an 'excepted' pupil in line with provisions in the School Admissions Code.

Late applications

If we receive your application after **31 October 2018** then your application will be late. This means it will not be considered until we have allocated school places for all applications received on time. This could reduce your chances of getting a place at the school you want.

If there are exceptional reasons why it was not possible to make your application by the deadline, please email us at admissions@islington.gov.uk providing any supporting documentation.

Privacy Notice

London Borough of Islington will handle the information you have provided in line with the provisions of the Data Protection Act 2018. Any personal information will be held in confidence with only the necessary people able to see or use it. For more information about how we process personal data about you or your child, please click [here](#)

Admission criteria for community schools

Children with an Education, Health and Care Plan (EHCP)

If your child has an EHCP, they will be admitted to the school named in the EHCP.

Oversubscription criteria

When more applications are received than there are places available, the following criteria will be used to decide which pupils are offered a place at an Islington community school in the order listed below:

1. Children looked after/ Previously looked after

This refers to children who are in the care of a local authority and children who have been adopted (or made subject to a child arrangements order or special guardianship order) immediately after being looked after.

2. Siblings

A sibling is defined as a brother or sister, half-brother or sister, step-brother or sister or adopted brother or sister, whose main residence is at the same address. This criterion will apply to applicants

with a sibling living at the same address who is on the roll of the preferred school (years 7 to 11), or co-located Special School, at the time of the proposed admission in the new academic year.

3. Exceptional social/medical needs

The Director of Children's Services, on an individual basis, may give priority to applicants who can demonstrate that admission to a particular school is necessary on the grounds of professionally supported exceptional medical, social or special educational needs. Parents must supply details of any such special factors at the time of the original application (together with recent supporting documentation), to enable these factors to be considered.

If your child has an exceptional social (for example child protection/safeguarding issues) or medical need (for example if your child requires wheelchair access) to attend a specific Islington community school,

then please provide professional evidence (e.g. from a doctor or educational psychologist) and complete our social/medical application explaining why this is the only school that can meet your child's needs. The form is available for download [here](#).

Your case will be considered by a panel comprising a senior admissions officer, educational psychologist and senior social worker. The panel will consider the evidence presented and consult relevant professionals as necessary to determine:

- a. whether your child has an exceptional social or medical need and
- b. that this need can only be met by a specific school.

Please note late applicants applying under social/medical criterion can be prioritised only on the waiting list.

4. Distance

Applicants will be prioritised by distance (starting with the nearest). Nearness to schools is measured on a computerised mapping system

using a straight line distance measurement. Routes will be calculated from the home address (as defined by the Land and Property Gazetteer) to the midpoint of the school grounds (as determined by the London Borough of Islington).

Please note distance will be used as a tiebreaker for criteria 1, 2 and 3.

Tie break

If only one place is available and two or more children qualify for that place, the child who is offered the place will be determined by random allocation using a computerised system.

How we calculate home to school distances

We use the Capita ONE system to calculate the distance from your child's home (the start point) to the school (the end point). This system calculates the distance in miles to three decimal places. The routing database system uses two dimensional maps. This means it does not take into account any contours or terrains.

Multiple births

The start point (applicant's home)

For calculation purposes, Islington Council uses the National Land and Property Gazetteer (NLPG) database to determine the start point for Islington addresses. The starting points for other addresses are provided by your home local authority. Calculations are based on the assumption that the child's home address is classified at the point of application as a residential property.

If you live in a block of flats where you use a communal entrance, we will use the NLPG point for the block and not the centroid of your individual flat for the distance calculation.

The end point (school)

The centre of the school grounds is used as the end point for home to school distance as defined by Islington Council.

Please note that you cannot compare distances produced on Islington's Capita ONE system to those calculated using any personal or online geographical information system software you may have access to such as satellite navigation systems or Google maps.

Islington residents can obtain an approximate distance measurement to any Islington school by clicking [here](#).

Alternatively, you can call the School Admissions team for an approximate measurement on 020 7527 5515.

Cut-off distance

Please note that 'cut-off' distances are given as a guide to help you assess the likelihood of being offered a place under the distance criterion **if there is a similar pattern of applications**. Please bear in mind that 'cut-off' distances vary from year to year.

If only one place is available at the school and the next child who qualifies for a place is one of multiple birth siblings, we will ask community schools to admit the siblings and go over their published admission number to support the family.

**Don't forget -
apply online by
31 October 2018**

Criteria flowchart

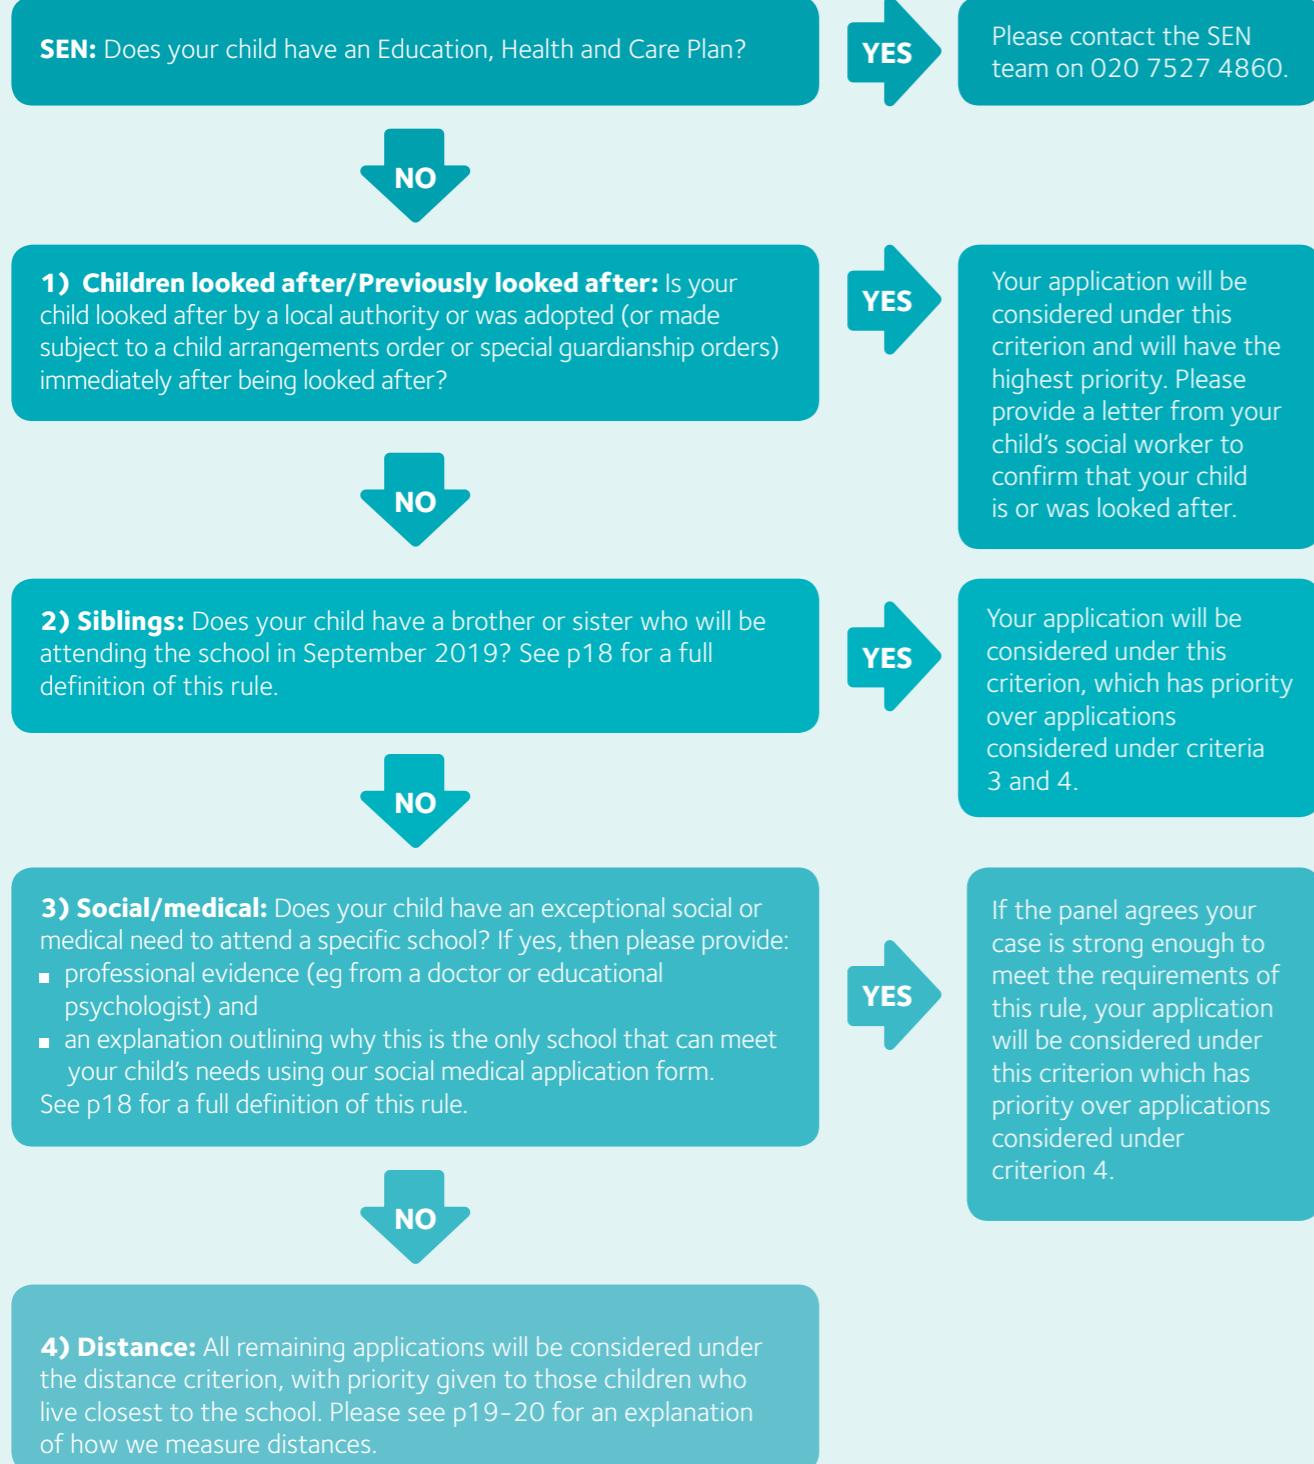

Table of school places

The table below provides a summary of information for Islington secondary schools for last year's admission round (admission in September 2018).

Section 3: What happens next?

What happens to your application?

All London boroughs and some councils bordering London are part of the pan-London school admissions scheme. This makes applying for school places in the capital fairer and simpler.

How does it work?

A secure computer system is used to exchange information between councils when residents apply for schools outside the borough where they live.

Every school you apply for is considered at the same time and your order of preference is kept confidential.

If your application meets the criteria for more than one school, you will be offered the highest preference possible and all lower preferences will be withdrawn and released to other children. So, make sure you put the school you really want first.

Each school has a set number of available places – check the school's fact file for details.

Where a school receives more applications than there are places

available (i.e. it is oversubscribed) its published admission criteria will be used to decide which pupils will be offered the places – the school's fact file provides a link to the admission criteria. A summary of last year's results is provided in the [table of school places](#).

If you are an Islington resident and we cannot offer your child a place at any school listed on your application, we will keep you informed of vacancies and offer you the opportunity to make further preferences. If a place does not become available, we will allocate a place at the nearest Islington community school to your home address that has a place available.

Waiting lists and appeals

Waiting lists

Your child's name will automatically be placed on the waiting list of any school listed as a higher preference on your original application than the school place offered.

Your child will remain on the waiting list until 31 December 2019 unless we receive written confirmation that you wish to extend this further.

Please note:

- being on a waiting list will not guarantee a place at your preferred school
- your child's waiting list position can go **down** as well as up
- waiting list positions are considered strictly in accordance with the school's admission criteria and are not affected by acceptance of a lower preference offer.

You can accept the place offered, remain on the waiting list of any higher preference school and lodge an appeal all at the same time.

Right of appeal

You have the right of appeal under the School Standards & Framework Act 1998 against the refusal of a place at any of the schools listed on your application.

An independent panel will hear your appeal and their decision is binding for both the Admission Authority and the school(s). The panel will be made up of people who have experience in education and lay members (people without personal experience of school management or the provision of education).

How do I lodge an admission appeal?

For Islington community schools, you can appeal online [here](#) by **1 April 2019**.

For other schools, contact the school directly to obtain an appeal form. The completed form should be returned to the school by the date given to you.

When will the appeal take place?

Provided you lodge your appeal for an Islington community school by the deadline above, your appeal will be heard in May or June 2019.

What does the appeal panel consider?

The appeal panel can only uphold an appeal (i.e. offer a school place) where:

1. The admission arrangements do not comply with legal requirements set out in the [School Admissions Code](#) and the [School Standards and Framework Act \(SSFA\) 1998](#)
2. The admission arrangements were not correctly or impartially applied
3. The decision to refuse admission was unreasonable given the circumstances of the case.

The panel must then decide whether the admission of additional children would **prejudice the provision of efficient education or the efficient use of resources**.

More information about appeals can be found [here](#).

University Technical Colleges and Studio Schools

You can apply for a place at either a University Technical College (UTC) or a Studio School if your child is born between **1 September 2004 and 31 August 2005**.

As your child progresses through their secondary education, you may feel they would benefit from a more vocational curriculum offer focused on technical subjects.

University Technical Colleges (UTCs) are set up by universities and businesses and specialise in one or two technical subjects. In years 10 and 11 they offer a similar GCSE curriculum to a typical secondary school, including English and Maths, as well as their specialist subject.

You can find out more at:

www.utcolleges.org

Studio schools are similar to UTCs in that they have employer involvement in the curriculum and focus on developing skills needed for employment, involving personal coaching and work experience.

They have a similar curriculum to a typical secondary school. You can find out more at:

studioschoolstrust.org

If you would like to apply for a UTC or Studio School, then you will need to complete an online application

with your **home local authority**. Islington residents can apply [here](#).

You must apply when your child is in Year 9, and submit your application by **31 October 2018**. If you apply after this date, your chance of getting a place at your preferred school may be reduced. You will be notified of the result of your application in the evening of **1 March 2019**.

If your child receives an offer of a place at a UTC or Studio School they will join the new school at the start of Year 10 in September 2019. **Your child must therefore continue to attend their current school for the remainder of Year 9**. Please let the school know that your child will be moving on in Year 10, and provide details of the new school.

For more information, please contact the School Admissions team on 020 7527 5515.

Applying during the school year

If you are an Islington resident applying for a secondary school place and your child is **not** due to start Year 7 in September 2019, you will need to complete Islington's online [In-Year School Admissions Application](#).

As Islington schools will be responsible for making offers and holding waiting lists, an individual application must be made to each preferred school.

If you live in another borough, you can also apply for an Islington school using our online form.

Fair access

All local authorities are required to have a 'Fair Access Protocol' to ensure that children without a school place are found suitable education provision as quickly as possible. If there are no vacancies in any Islington schools, we may ask schools to go over their published admission number.

Children without education provision who also fall into one of the following categories may be eligible for admission under Islington's Fair Access Protocol:

1. Children from the criminal justice system or Pupil Referral Units who need to be reintegrated into mainstream education;
2. Children who have been out of education for two months or more;
3. Children of Gypsies, Roma, Travellers, refugees and asylum seekers;
4. Children who are homeless;
5. Children with unsupportive family backgrounds for whom a place has not been sought;
6. Children who are carers; and
7. Children with special educational needs, disabilities or medical conditions (but without an Education, Health and Care Plan).

Applications for school places under Islington's Fair Access Protocol are considered by a multi-agency panel which decides whether pupils should be admitted under the protocol, and which schools should be allocated.

Schools are allocated on a 'fair share' basis to ensure no individual school takes a disproportionate number of children under the protocol. Therefore, parental preference may not always be met.

For further information, please contact the School Admissions team on 020 7527 5515 or view the [Fair Access Protocol](#).

Waiting lists

Please note that your child will remain on the waiting list until the end of the academic year in which the application is made unless you re-apply to extend this further.

To remain on the waiting list, you will need to complete Islington's online [In-year School Admissions Application](#)

Section 5: Sixth Form options

City and Islington Sixth Form College

Fact file

With over 20 years of long-standing history within London for delivering post 16 education, each centre is focused on running study programmes in particular courses and qualifications and each has its own community of students, teachers and support staff. As part of the overall study programme, your child will participate in work-related learning, extracurricular activities, English and/or maths support, giving them an independent learning experience in a supportive environment.

Your child will have a seamless journey through education with a high quality of care throughout. Our students achieve excellent A-Level results. Last year the overall pass rate was 97%, and 70% of students achieved A* to C grades and 37% A* to B grade. A 100 per cent pass rate was gained in several subjects, including Computing, English Language and Literature, Fine Art, Music French, German and other languages.

Curriculum offer: A-levels in over 35 different subjects
BTEC, UAL Diplomas, Apprenticeships and vocational courses

Address: The college has five centres in North London. Find out more [here](#).

Bus routes: 4, 17, 19, 29, 30, 38, 43, 56, 73, 91, 106, 153, 205, 210, 214, 236, 253, 254, 259, 271, 274, 279, 341, 393, 394, 476, W3, W7

Nearest station: Angel, Finsbury Park, Holloway Road

Admissions policy: A-level places are in high demand and we encourage you to apply in November/December. It's unlikely you'll be offered an interview if your application is received later than 31 January. We will consider applications received after this date but only if there are places available for the subjects you have applied for. For all other courses we continue to take applications until May.

City of London Academy, Islington Sixth Form

Fact file

We are a dynamic and high achieving sixth form. Our aim is to provide our sixth form students with an outstanding academic experience that will prepare them exceptionally well for higher education and the career path of their choosing. We offer a friendly and supportive learning environment and assist our students to achieve their very best, equipping them with the educational knowledge and personal attributes to be highly successful in the future. As a smaller sixth form, we are able to offer individualised support and smaller class sizes, enabling our students to make outstanding progress. Our progress score for A-Levels places us within the top 10% of sixth form providers in the country, with nearly half of all grades awarded being A* to B. The vast majority of our students secure places at university, with many progressing to Russell Group institutions.

Curriculum offer: Advanced Level (GCE) Courses Physics, Chemistry, Biology, Computer Science, Mathematics, Further Mathematics, English Literature, English Language, History, Geography, Politics, Economics, Sociology, Psychology, French, Spanish, Turkish, Portuguese, Art, Drama, Music. Level 3 BTECs Business, ICT, Music Technology, Performing Arts, PE. GCSEs English Language, Mathematics

Islington Sixth Form Consortium (IC6)

Fact file

IC6 was established in 2004 and is the joint sixth forms of Central Foundation Boys' School, City of London Academy Highbury Grove, Highbury Fields School and St Aloysius' College. At IC6 we ensure excellent results and an outstanding sixth form education in a friendly, supportive and productive learning environment. In 2017 students across IC6 achieved a 98% pass rate in A level/BTEC with over half achieving A*-B grades. The IC6 umbrella enables our students not only to progress academically but also, and most importantly, to become equipped to contribute to their communities. All IC6 schools' sixth forms have received Good or Outstanding ratings from Ofsted.

Curriculum offer: A Level courses, BTEC courses (Level 2 and Level 3) Cambridge Technical Qualifications (Level 3 Foundation and Extended Diploma) Retakes in GCSE Maths and English

Address: Islington Sixth Form Consortium, c/o Central Foundation Boys' School, Cowper St, London EC2A 4SH

St Mary Magdalene Sixth Form

Fact file

Happy successful students are important to us. Our priority is to ensure that all Sixth Formers reach their potential and leave us in the best position to be highly successful adults. For young people to reach their potential, we believe they need high quality academic teaching and a creative, dynamic and supportive pastoral programme. These ingredients mean that all our learners become reflective and skilled students who organise themselves superbly and are well prepared to meet the challenges of A Levels and the Extended Project Qualification (EPQ).

Our students benefit from an exceptional range of personal and professional opportunities including workshops with Deloitte Consulting, UCAS and study skills sessions. We provide a wonderful hub for students to engage with new opportunities. Students join us from all over the world, including a cohort of 20 Swiss students who provide new friendships and global insights every year.

Curriculum offer: A Level: Art, Biology, Chemistry, Computer Science, Drama, Economics, English Language and Literature, English Literature, French, Geography, German, History, Mandarin (Cambridge Pre-U), Mathematics, Further Mathematics, Music, PE, Philosophy, Politics, Psychology, Sociology, Spanish and the Extended Project Qualification (EPQ).

Tech City College

Fact file

Tech City College is an Aspirations Trust Post-16 STEM specialist College. We are committed to raising students' aspirations so that all young people reach their fullest potential and achieve the success they desire. Tech City is a small and friendly College with big ambitions. We aim to educate and train the next generation of scientists, engineers, technicians, entrepreneurs and innovators. Our students will not only have the opportunity to follow their areas of interest in state of the art environments in science, computing, design and engineering but they will gain invaluable practical, professional and personal skills through the Aspirations Portfolio Projects. In close partnership with the best in the industry, students work on live briefs and solve real-life industrial problems. We are confident that students who attend Tech City will develop a great foundation for their future with a variety of progression routes into employment and further or higher education.

Curriculum offer: A levels (Physics, Biology, Chemistry, Computing, Economics, Maths, Psychology, Product Design) BTEC Engineering GCSE Maths and English

Address: 263-269 City Road, London EC1V 1JX

Map: [click here](#)

Bus routes: 30, 43, 73, 205, 214

Nearest stations: Kings Cross, Angel or Old Street

Admissions policy: If you are interested in joining us apply as soon as you can. Students from across London can apply. Please complete our online application form. On receipt of your application form we will send you an acknowledgement and then invite you for an interview for your place at the College. Your offer of a place is likely to be conditional on achieving certain GCSE grades. In order to gain entry, you must have passed English and maths at grade 9-6. To be admitted to complete A-Levels and Level 3 vocational courses you will normally need to achieve 5 GCSEs at 9-6. You may also be eligible for bursary funding.

If you'd like to discuss anything before completing the application form, please email info@techcity-aspirations.org or call 0203 301 3620. www.techcity-aspirations.org/about-us/policies/

- Help to access other support services

Contact the Progress team on **0207 527 7031**
or email **progress@islington.gov.uk**

ISLINGTON

Financial assistance

Free school meals

As you begin to prepare for your child's move to secondary school in September, we would like to remind you about the benefit of free school meals. If you are eligible to claim for free school meals we encourage you to apply. Applying for free school meals means that you save on lunch costs and at the same time raise additional funding for your child's school. There is no commitment for children to eat a school meal every day but for every child eligible the school will receive £935 of extra funding. This helps schools to provide valuable support such as extra tuition, learning assistants and after-school clubs.

Your child may be eligible if you receive any of the following benefits: Income Support, Income-based Jobseeker's Allowance, Income-based Employment and Support Allowance, Child Tax Credit if your taxable income is less than £16,190 and you do not receive Working Tax Credit, The Guarantee Element of State Pension Credit Support under Section VI of the Immigration and Asylum Act 1999.

From the 1st April the criteria have been extended to include Universal Credit. To qualify, your household income must be less than £7,400 a year after tax and not include any other benefits.

If you receive Working Tax Credit, you are not eligible to claim for free school meals unless you have stopped working in the last four weeks.

If your child is eligible for free school meals, they'll remain eligible until they finish the phase of schooling (primary or secondary) they're in on 31 March 2022.

If you also have younger children don't forget that all pupils attending an Islington primary school are eligible for free school meals.

Uniform grant

The council offers £150 to eligible Islington parents to help meet the cost of school uniforms at secondary transfer and covers children transferring to an Islington or out of borough secondary school. The grant is available to Islington residents whose children are eligible for free school meals under the national criteria.

Islington year 12 bursary

Young people going into year 12 could be eligible for a £300 bursary to help them start further education. The council is topping up the financial support offered through sixth form schools and colleges by the Education Funding Agency to students who might otherwise have to drop out of education due to lack of funds. To qualify, students must be an Islington resident, have received free school meals in year 11, have moved immediately into post 16 education and training without taking a break and be studying full time. [Find out more.](#)

Additional educational needs

Our secondary schools welcome and provide for all children so, whatever your child's needs, they can fully participate in school life.

We believe that all our students are entitled to a rich and diverse curriculum that is tailored to meet each child's individual needs.

For Islington's high achieving students, our schools develop children's aptitudes, skills and attainment through a varied programme of advanced learning, competitions and challenges.

For those with special educational needs, schools encourage and support children to become confident learners and celebrate their achievements as valued members of the school community.

For children with English as an additional language, schools ensure

that their language development needs are met with high quality language-rich classroom practice, effective induction systems and targeted interventions. This work is supported by trained specialist teachers, teaching assistants and bilingual parent support assistants who ensure these high achieving students are able to access the curriculum.

The best way to find out whether a particular school would suit your child is to visit the school and see for yourself.

Please see [Islington's Local Offer](#) for more information.

Attendance matters: every day counts!

Good attendance and punctuality provide the best chance for your child to achieve success. The evidence speaks for itself:

Attendance	Learning missed	Predicted impact on outcomes
95%	45 hours OR 9 days OR 1 week and 4 days	77% achieve 5+ GCSEs
85%	140 hours OR 28 days OR 5 weeks and 3 days	32% achieve 5+ GCSE

Did you know that being 10 minutes late, every day adds up to 32 hours of lost learning a year, that's the equivalent of 6 days and 2 hours!

Every day really does count.

A borough-wide approach

Islington's 'community of schools' is committed to securing good attendance and punctuality for your child. This means that term-time holidays will not be authorised (unless there are exceptional circumstances), and every absence will be followed up with you. Schools will work with you to improve your child's attendance, but ultimately the legal duty to secure regular school attendance sits with parents. In some cases, where attendance fails to improve, this may result in penalty notices (fines) or prosecution.

School transport - getting to school

Islington has a great network of bus, tube and rail links making it easy to get to any of Islington's schools.

Sustainable travel

Islington Council is working with schools to promote safer, healthier and more environmentally friendly ways to travel.

We want to:

- make cycling and walking safer and more attractive
- increase the number of school pupils using local bus services
- reduce traffic congestion around schools
- develop partnerships with schools, their communities and other organisations
- promote the development of school travel plans
- promote safety through education and training
- promote the health benefits of walking and cycling
- promote sustainable travel choices by ensuring any new schools are accessible by walking, cycling and public transport.

The main way we do this is through the creation of school travel plans. A school travel plan will look at the journeys pupils make to get to, and home from, school and why they make certain travel and transport choices. With this information we can work with schools to find practical solutions to encourage safe, healthy and environmentally-friendly travel choices.

Transport for London (TfL) issues free bus passes for under-16s, although there is an administration charge of £15 for first time applicants. Find out more [here](#).

For more information on School Travel Plans, please contact the Traffic and Safety Team: schooltravelplans@islington.gov.uk or 020 7527 2513.

Glossary

Academies

Academies are independently managed, all-ability schools. The governing body sets its own admissions criteria, in line with the statutes laid down in the School Admissions Code. There are two types of academies. ‘Type 1’ academies are set up by sponsors from business, faith or voluntary groups, funded by the Department for Education (DfE) and independent of local authority control. ‘Type 2’ academies are stand-alone converter schools funded directly by the DfE and are also independent of local authority control.

Admission Authority

The body responsible for deciding the admission criteria and for allocating school places. In the case of community schools, this is the local authority and in the case of voluntary aided schools, Free Schools and Academies it is the school’s governing body.

Children looked after/Previously looked after

Children who are in the care of local authorities (councils) as defined by section 22 of the Children Act 1989. In relation to school admissions’ legislation a child is considered to be a ‘looked after child’ if the local authority confirms he or she will be in public care when they are admitted to a school. This criterion also applies to children

who have been adopted (or subject to a child arrangements order or special guardianship order) immediately following having been looked after.

Community schools

Community schools are run by the local authority which employs the staff and owns the land and buildings. Islington Council sets the admissions criteria for community schools.

Cut-off distance

The last pupil admitted under the distance criterion. Maps are available at www.islington.gov.uk/admissionsDistance

Distances for Islington’s community schools will be measured in a straight line (as the crow flies) from the home address to the midpoint of the school grounds, using the local authority’s computerised measuring system. Those living closer to the school will receive higher priority.

Family Information Service

[The Family Information Service \(FIS\)](#) gives free, impartial information, advice and guidance about services for children, young people and families in Islington. Find out about childcare, employment, benefits, support for disabled children and more.

Free schools

Free schools are independently managed, all ability schools funded by the government. They are run on a not-for-profit basis and can be set up by charities, universities, independent schools, community and faith groups, teachers, parents and businesses. Free schools can change the length of school terms and the school day and do not need to follow the national curriculum.

Foundation schools

Foundation schools are run by their own governing body, which employs the staff and sets the admissions criteria. Land and buildings are usually owned by the governing body or a charitable foundation.

Home local authority

A child’s home local authority (local council) is the local authority where they live, i.e. the council you pay your council tax to.

PAN (Published Admission Number)

The number of school places that the admission authority must offer in each relevant age group.

Parents and family members

A parent is any person who has parental responsibility or care of the child. Where admission arrangements refer to parent’s attendance at church, it is sufficient for just one parent to attend. Family members include single parents and siblings.

Private fostering

Private fostering is when a child under the age of 16 (under 18 if disabled) is cared for by someone who is not their parent or a ‘close relative’. This is a private arrangement made between a parent and a carer, for 28 days or more. Close relatives are defined as step-parents, grandparents, brothers, sisters, uncles or aunts. **Private foster carers have a duty to inform their home local authority of such arrangements. This must also be declared on the admissions application form. Please see the back page of this brochure for further information.**

Sibling

Sibling refers to a brother or sister, half-brother or sister, adopted brother or sister, step-brother or sister, or the child of the parent or carer's partner, living in the same family at the same address.

Education, Health and Care Plan (EHCP)

These are legal documents issued by the local authority detailing the particular needs, resources and provision required to support the child, and can include a named school that is suitable for providing education for that child. EHCPs will continue into further education and training, and for some young people, in order to complete a course or qualification, up to the age of 25.

Supplementary Information Form (SIF)

All parents who list their preferred schools on the local authority's online admission application are regarded as having made a valid application.

A supplementary information form may also be required for applicants considered under the criteria of faith

schools, for boarding school and for selective schools. Please check the school's fact file for details.

Trust schools

A Trust school is a type of foundation school which forms a charitable trust with an outside partner. For example, a business or educational charity aiming to raise standards and explore new ways of working.

Voluntary-aided schools

Voluntary-aided schools are mainly religious or 'faith' schools, although anyone can apply for a place. As with foundation schools, the governing body employs the staff and sets the admissions criteria. School buildings and land are normally owned by a charitable foundation, often a religious organisation. The governing body contributes to building and maintenance costs.

Secondary Transfer 2019 School Key Dates

Test Dates - for times please refer to school website

Dame Alice Owen's, Hertfordshire	01-Sep	03-Sep	04-Sep

Do you know someone who is under 16 and not living at home?

“My mother recently had an operation so I’m going to be staying with family friends for the next 3 months”

“Things got really bad at home, I would argue with my parents all the time. Now I live with my friend and her parents”

“I came to the UK on holiday but ended up living with my cousins. I’ve been in the UK for over 5 years now”

If you know a child in this situation or would like more information please call the Islington Children’s Services Contact Team on **020 7527 7400** or **csctreferrals@islington.gov.uk**
