Dear Parents/Carers

Advice: on Coronavirus / COVID19

I am writing to update you on the Coronavirus/ COVID-19 situation. At present the government is taking every step possible to keep schools open. We continue to monitor the situation very carefully. It is really important that we maintain our approach to hygiene, and particularly hand washing, as this is the best way of preventing any infection spreading. Please support us with this.

I am attaching a poster from Public Health England to the back of this letter which gives some good advice on what to do in different situations. This is written specifically for education settings.

Some parents have asked in what situation we would choose to close the school. We are guided on this by Public Health England. If we have an identified case in school or linked to the school they will advise us on how we proceed.

The health and wellbeing of our whole school community is our top priority. I will continue to send letters and make regular updates through our website but please keep yourself updated by regularly checking the government website at <https://www.gov.uk/guidance/wuhan-novel-coronavirus-information-for-the-public>.

If you have any concerns or questions please feel free to email either myself, Tiggy or Henry. If you think you should self-isolate your children following recent travels or contact with an infected person, please call the school office to inform us of your situation.

Yours sincerely,

Cal Shaw
Headteacher
