Please click on one of the **subsections** on the left hand side to see a list of websites and additional tasks for Reading, Writing and Maths.

Bored of computer screens? Pick an activity from [here!](#) Stuck inside? Have a go at one of [these!](#)

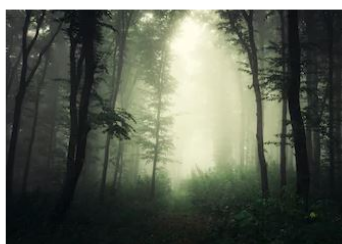

Week 1

Day 1: Complete your work in your home learning book

Maths: Edges, Faces, Vertices. [Watch the video, answer the questions, check your answers.](#) If you have struggled, consider re-watching the video.

Reading: Have a go at the [comprehension task](#). ONLY when you are finished, mark your answers.

Writing: Pretend you are here. Describe the setting using all of your senses.

What if my child has finished and they want to do more?

Click on one of the subsections (circled in red) to see a list off **additional** websites and tasks.

[Corbett Maths: 'Videos and Worksheets'](#)

Pick a topic, watch the video, answer the questions, check your answers. If you have struggled, consider re-watching the video

[Corbett Maths: '5 a day'](#)

You have a choice of Bronze (easiest), Silver, Gold or Platinum (hardest).

[Hegarty Maths](#)

This is only for Year 6 students. Your teacher will have set you tasks. Watch the video and then take the quiz. If you have got less than 80%, re-watch the video. Remember: your teacher can see how long you have watched the video for and how long you have spent on the task

[MyMaths](#)

Please email your teacher if you can not remember your username and password. Your teacher will have set you tasks. Go through the lesson and then take the quiz. If you are struggling, go through the lesson again and then have another go at the quiz.

[BBC Bitesize](#)

Pick a subject area, watch the video and have a go at the activities

[Times Tables](#)

Select one of the times tables you wish to practise from and show what you can do on the speed test

[Maths Games](#)

There are lots of interactive games and activities to choose from

What about more general activities?

Click at the top of the screen to find lots of tasks that do not involve a computer screen!

Looking for more?

Twinkl has topic tasks, assessments, interactive activities, resource packs, PowerPoints, teaching ideas and more! They are offering every parent access to all Twinkl resources with a One Month Ultimate Membership, **totally free of charge**. Setting this up is really easy to do – go to <https://www.twinkl.co.uk/offer> and enter the offer code PARENTSTWINKLHELPS.

Can I send work to my child's teacher?

Sure! Use the email addresses below. They will not be able to respond to multiple emails but one a day is reasonable.

Where should my child complete their work?

Children can complete work in the exercise book which will be given to them on Friday. Spare books will be kept in the Brecknock dining room if you want to pick one up next week (or get another parent to pick one up for you). Work can also be done on paper or their own book.

What if my child does not have access to the internet?

On top of the online work, we will also be handing out work packs to children. Children in school can take them home on Friday. Those already in isolation can collect them from the Brecknock dining room. If you want to come and collect one next week you can. You can also pick them up for parents of other children. If your child has completed all of their work packs and they do not have access to the internet, please email your teacher and they can organise for more work to be printed off.

What if my child is really stuck or they are finding the work too tricky or easy?

How about suggesting they try an activity from a different year group? They can also click on one of the subsections (Reading, Writing or Maths) and have a go at an activity from one of the suggested websites.

When should my child be working?

It might help the children to have a timetable you follow each day (similar to what they would have in school). It will help you too! We have posted a suggested timetable that can be adapted:

<https://www.brecknock.camden.sch.uk/learning/>

How will teachers stay in contact with my child?

We are planning to have a 'Friday call' session: every teacher phones each child in their class to check up on how they are doing and how their work is going

What if my child doesn't know their MyMaths username or password?

Please email the class teacher if your child has forgotten their username or password

How can I contact my child's teacher?
