

## How to play noughts and crosses

### What you need:

- Paper
- Pens
- 2 players

### Instructions for how to play

1. First draw your grid with 2 horizontal lines and 2 vertical lines.
2. Next decide which player will be O and which will be X.
3. Then player 1 draws their X
4. After player 2 draws their O
5. Finally, the player who gets three of a kind in a row is the winner.
