## School Closure Home Learning

Please click on the link below as it explains how we will be organising home learning during the school closure:

[Home Learning For Parents](#)

### Where can I find work for my child?

Click on the year group to find **daily work**. Click on one of the subsections (Reading, Writing and Maths) to see a list of **additional** websites and tasks.

### Is there any guidance from the government?

The government have brought together an [initial list of free online educational resources to help children to learn at home](#). These websites have been identified by some of the country's leading educational experts and offer a wide range of support and resources for pupils of all ages. The government states that they may be useful for parents in considering how they could support their children's education, but they should not be used in place of existing resources. So, please do continue to use your child's year group page as the main source of your child's learning from home and supplement this with the list above.

### Looking for more?

Twinkl has topic tasks, assessments, interactive activities, resource packs, PowerPoints, teaching ideas and more! They are offering every parent access to all Twinkl resources with a One Month Ultimate Membership, **totally free of charge**. Setting this up is really easy to do - [click here](#) and enter the offer code PARENTSTWINKLHELPS
