How many dogs and cows are there altogether?

How many cats and ducks are there altogether?

Now try counting these animals

The image shows seven rows of animals on a light green background, each followed by an empty green circle for counting. The rows are: 1) 10 horses in the first row and 5 in the second; 2) 10 cats in the first row and 2 in the second; 3) 10 sheep in the first row and 10 in the second; 4) 10 ducks in the first row and 4 in the second; 5) 10 pigs in the first row and 7 in the second; 6) 10 beagles in the first row and 7 in the second; 7) 10 cows in the first row and 1 in the second.

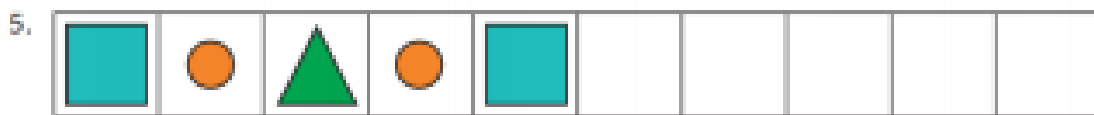

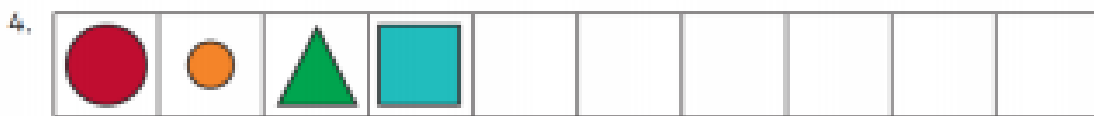

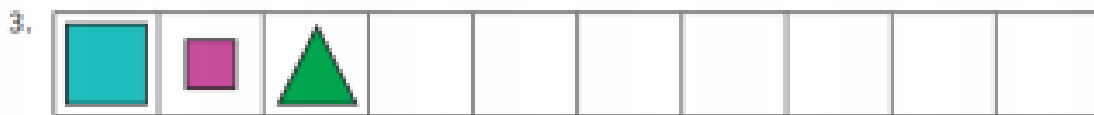

Which one has the most?

Which one has the least?

# Shape Space and Measure

Can you complete the patterns below?

Once you've finished, read the pattern to your grown up

Now try to create your own pattern!

Can you make a pattern using anything at home?

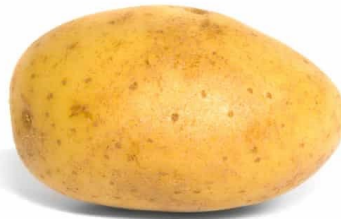

# Topic

This half term our topic is 'Food'.

Have a look at these foods and think about where they have come from—under the ground or the above the ground.

Cut and stick them into the right box. Try and label the food products using the word bank.

## Word Bank

strawberry milk nuts apples potato  
chicken turnip cabbage
