Tricky Words!

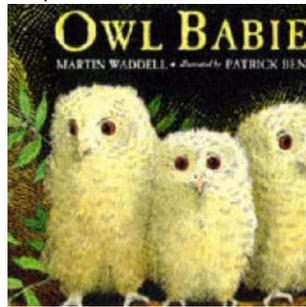

Read the tricky words – can you say a sentence with the word in? Can you write it down? Learn the spellings – spelling rule the v sound at the end of the word:

- have
- live
- give
- love
- above
- serve
- active
- massive

Talk about the words with someone at home, do you understand the meaning? Look the words up together in a dictionary. Ask them when they have heard the word before?

Story Teller!

Retell your favourite story by acting it out. Perform it to your family. Maybe you could make puppets to perform it.

Write something meaningful.

Write a card/letter for someone in your family. Tell them about your day or why you love them.

You may want to include adjectives (describing words to tell them what you like about them). You may also want to draw a picture and write about a happy memory.

A picture tells a thousand words!

Pick or take a picture at home and write a few sentences about it. This could be a picture out of the window, a special place in the home or where you spend most of the time as a family. Think about why you chose this picture. Remember your finger spaces, full stops and capital letters. Can you use conjunctions and adjectives?

Dragon Discovery!

Imagine you woke up one day and discovered this little dragon on your pillow! Write a story to describe the adventures that you went on! Make sure you use lots of exciting words in your writing.

How did that happen?

Think about how the giraffe must have felt! How did it get up there? What did it do to survive and did it ever find a way to get back down to earth again?

How did this giraffe get on the moon?

Inventors!

Think of how this could change people's lives. Think about how this may help people or may even be a problem for others.

What invention do you think would change the world?

A world apart.

What would happen if you woke up in a different world?

How did you feel when you ended up there? What did you do at first? Did you go on any exciting adventures? Did you make any special friends on the way?

Friend adventures

Think about what friendship qualities they have that makes them such a good friend. You may want to think about a time that you have enjoyed together as well.

If you could meet anyone, who would it be and why?
