

Whole School Task

A big thank you and well done to everyone who had a go at the second task. Who knew that we had so many cooks and bakers at Brecknock Primary School!?

TASK 3 - Make your own Top Trump Card

Imagine you are a super hero. Make a Top Trump card with your name (you could give yourself a new name!), a picture of you in your new uniform and then some of your special skills below. It would be great if you could write a bit about your character. What skills or powers have you got? How do you use them?

Take a picture and send it in to your teacher or to h.commander@brecknock.camden.sch.uk.

SUPER HENRY!

Here is Henry's Top Trump card (he is very busy and wishes he had time to colour everything in).

He has made Super Henry! As you can see from the logo on his uniform, he is lightning quick and he has a cape that allows him to fly. He is small and nimble which is why he has given himself a high score for skill and agility. He needs these skills as his magic power is to sense when people are in danger and to get to help them as fast as possible. The only thing that lets Super Henry down is his fear factor as he does not like to fight!

As you can see, Henry based his Top Trump card on other examples he found on the internet. Search super hero top trumps on google to get some more inspiration!
